Orthotics firm's international recognition

TOP ACCOLADE FOR COMPANY

BY JACK GRASBY

Staff at a Chesterfield-based Orthotics company are celebrating this week after achieving an internationally recognised accolade, establishing it an industry leader in its field.

Blueprint Orthotics Ltd, based in Clay Cross, was given the recognition after independent assessment by certification body, the British Assessment Bureau, highlighted its commitment to customer service

and quality in delivery.

The firm, which was established in 2010, is now proudly displaying its certificate, which is known as the coveted 'ISO 9001'. With only a small team, consisting of specialist craftsmen with more than 25 years experience between them, the firm specialises in foot orthotics, creating bespoke, hand-crafted inserts for each patient.

Commenting on his company's latest achievement, managing director Gavin Jarvill said that the team was particularly pleased to have received the certification.

"It underlines our com-

mitment to our customers and our focus on quality," he added.

"Not many customers get to see their suppliers' 'back-office' activities. This recognition demonstrates we can provide a quality solution from quotation to delivery."

The firm, which is now a recognised industry leader in foot orthotics, serves clients ranging from the NHS to some of the biggest private hospitals across the UK. The ISO 9001 certificate requires organisations to demonstrate that they do what they say they do and have a quality management system.

Dragon Den star

Chesterfield Architects MAD received a business boost from TV Dragons' Den star Theo Paphitis - the only chartered architects to be awarded Theo's Small Business Sunday Award.

During the recent annual Small Business Sunday conference in Birmingham, Martin Rix, partner of MAD Architects LLP, was invited to collect their award from Theo Paphitis himself, after Theo had choose MAD Ar-

Martin Rix with T
